

**Technical note N°2/2023**

## Appendix H – Running Rigging Specification

PBO cover is allowed for the following items:

1. Main sheet
2. Jib sheets
3. Spinnaker sheets

For item 3 spinnaker sheets, the minimum diameter is 7mm

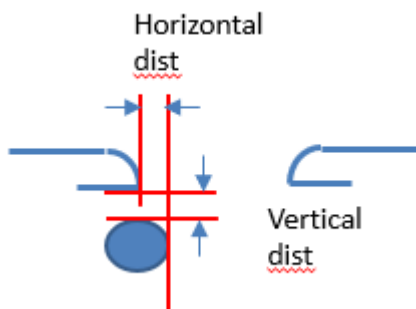

**Spinnaker Roller position**

The Spinnaker roller position is defined as follows:

Maximum horizontal forward distance of the roller: 90mm

Maximum vertical lower distance: 110mm

Distances measured as per drawing below:

The above points will be included in the 2024 version of the Class Rules.
